Reviews

This pdf will not be simple to start on reading through but extremely enjoyable to see. I have read and i also am sure that i will planning to read through again once more in the foreseeable future. You wont really feel monotony at whenever you want of the time (that's what catalogues are for relating to if you request me).

Createspace, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.A three-mile wide spinning, twisting, spitting rock, mined for precious minerals, is mistakenly deflected from deep space and heading for Earth; it is dark, omnipotent and virtually unstoppable. A handful of experts suspect it s missing Earth by some distance; their evidence is suppressed, but its presence is leaked on-line by PeoplePWR, an underground global group dedicated to free speech and whistleblowing. A world in panic, a world preparing to die, Earth s global societies are breaking down, masses are committing suicide or being murdered in cold blood. A tough, desperate crew of the last chance spacecraft, trying to deflect the rock, have unwittingly uncovered part of a secret which could unravel the real truth behind the global emergency. A scientist, tenuously linked to the emergency, searches tirelessly for his lost love, who has been missing for ten long, cold years. A group of young anarchists are determined to bring the remains of the world to its bloodied and broken knees. A government sponsored assassin ruthlessly attempts to clean up the mess. The future looks dire for most. But there is still hope for some. In Britain, 30 underground sites make preparations to receive the tens of thousands of people chosen to build the new Utopian world. The largest, in the heart of a bleak and desolate Brecon Beacons, summons not only the elite of British society, but also ordinary men and women of all ages, colours and creeds. All they have to do, is to get there safely. These are the final two days of life on Earth and the travels of nine desperate individuals are intertwined in the ultimate race against time; a race through a...
