Heartache and humor dance across pages filled with life s trials and rewards. Connie Moore To have a large family and to see the world were seemingly impossible dreams for a young girl growing up in a small New England town. But dreams do come true. Connie Moore, lecturer, teacher, author, wife of a Navy career man, and mother of seven children has done both. She traveled widely living in the north, south, east, and western parts of the United States, and overseas in Guam, Japan, and Australia. My greatest career and biggest achievement, she says with a happy grin, was being a mother to my seven children.
